

# Safety data sheet

Complies with EC Regulation 1272/2008,  
2020/878

Date of completion: 01/09/2025

Reviewed: 22 October 2025

Version number: I

## 1 SECTION. Identification of the substance or mixture and of the company or undertaking

### 1.1. Product identifier

Product name: Fibre hemp waxes

CAS number: -

Synonyms: Cannabis sativa wax

REACH number: Registration under REACH is not required because the annual production volume of the mixture does not exceed 1 tonne

### 1.2. Identified uses of the substance or mixture and uses advised against

Uses: For aromatic oils or candles.

Uses advised against: The product should not be used for purposes other than those specified in section 1 of the

### 1.3. Safety data sheet provider details

Company: Agricultural Cooperative Panevėžio aruodas 84  
Šiaulių g., Gustonys  
LT-38355, Lithuania  
Tel +370  
Email address: info@panevezioaruodas.lt

### 1.4. Help line number

For urgent information, please call: Lithuanian Poison Information Centre, tel. +370 5 236 2052 or +370 687 53378, e-mail [laib@essc.sam.lt](mailto:laib@essc.sam.lt) , [www.apsinuodijau.lt](http://www.apsinuodijau.lt)

---

## 2 SECTION. Possible hazards

### 2.1. Classification of the substance or mixture

The product is not classified according to Regulation (EC) No. 1272/2008 [CLP].

### 2.2. Labelling elements

None

### 2.3. Other hazards

None known.

---

## 3 SECTION. Composition or information on ingredients

### 3.1. Substances

# Safety data sheet

Complies with EC Regulation 1272/2008,  
2020/878

Date of completion: 01/09/2025

Reviewed: 22 October 2025

Version number: I

Not applicable

## 3.2. Mixtures

| Name of substance    | Mass fraction, % | CAS number | Classification according to Regulation (EC) No 1272/2008            |
|----------------------|------------------|------------|---------------------------------------------------------------------|
| Cannabidiol (CBD)    | 1.0 – 3.5        | 13956-29-1 | Acute toxicity 4, H302<br>Acute toxicity 4, H332                    |
| Tetrahydrocannabinol | 0 – 0.15         | 1972-08-3  | Acute Tox. 4, H302<br>Repr. Tox. 2, H361<br>Aquatic Chronic 4, H413 |

## 4 SECTION. First aid measures

### 4.1. Description of first aid measures

#### General information:

In case of accident or if you feel unwell, seek medical advice immediately (show the safety data sheet where possible). If problems persist, consult a doctor.

#### If inhaled:

Remove the victim to fresh air and keep them in a comfortable position that allows them to breathe freely. Seek medical attention if necessary.

#### If on skin:

If skin irritation or rash occurs: wash with water. Seek medical attention if necessary.

#### If in eyes:

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention if necessary.

#### If swallowed:

Rinse mouth with water. Seek medical attention if necessary.

### 4.2. Most important symptoms and effects (acute and delayed)

No data available.

### 4.3. Indication of any urgent medical attention and special treatment needed

No data available.

---

## 5 SECTION. Firefighting measures

# Safety data sheet

Complies with EC Regulation 1272/2008,  
2020/878

Date of completion: 01/09/2025

Reviewed: 22 October 2025

Version number: I

## 5.1. Extinguishing media

Suitable extinguishing media: chemical foam.

## 5.2. Special hazards arising from the substance or mixture

No data available.

## 5.3. Advice for firefighters

Firefighters should wear respiratory protection and special firefighting clothing.

---

## 6 SECTION. Accident response measures

### 6.1. Personal precautions, protective equipment and emergency procedures

#### 6.1.1. For non-emergency personnel

Follow normal precautions. Do not breathe vapours, fumes or gases. Wear appropriate protective equipment to avoid contamination of skin, eyes and personal clothing.

#### 6.1.2. For emergency personnel

Observe standard precautions. Do not breathe vapours, mist or gas. Wear appropriate protective equipment to avoid contamination of skin, eyes and personal clothing.

### 6.2. Environmental precautions

Do not discharge into drains, waterways or groundwater.

### 6.3. Isolation and cleaning procedures and measures

Stop the spread, absorb spilled material with sand, gravel, universal binder, other non-combustible, absorbent material. Sweep up/collect and place in suitable, labelled, tightly closed containers. Dispose of in accordance with national legislation. Wash away any traces of residue with water. If the product enters the sewage system and/or surface/groundwater, spread over a large area and/or in large quantities, inform the relevant authorities.

### 6.4. Reference to other sections

Appropriate personal protective equipment is specified in Section 8 of this SDS; for waste disposal, see Section 13.

---

## 7 SECTION. Handling and storage

### 7.1. Precautions for safe storage

# Safety data sheet

Complies with EC Regulation 1272/2008,  
2020/878

Date of completion: 01/09/2025

Reviewed: 22 October 2025

Version number: I

For information on protective measures, see Section 2.2. Only a reliable, trained person may pack, handle the packaging and its contents.

## **7.2. Safe storage conditions, including any incompatibilities.**

Store in a cool place. Keep the container tightly closed in a dry, well-ventilated place. Avoid direct sunlight and heat sources. Carefully close opened containers and store them upright to prevent leakage.

Recommended storage temperature: 4 - 25°C

Incompatible materials: strong acids, alkalis, strong oxidisers.

## **7.3. Specific end use(s)**

No specific uses other than those mentioned in section 1.2 are foreseen.

---

## **8 SECTION Exposure controls/personal protection**

### **8.1. Control parameters**

Based on available data, the product does not contain any substances with established occupational exposure limits.

### **8.2. Exposure controls**

#### **8.2.1 Appropriate engineering controls**

Apply standard health protection measures.

#### **8.2.2 Personal protective measures**

Apply standard health and safety measures at work, especially good ventilation. This can be achieved by using local exhaust or effective general ventilation. Do not eat, drink or smoke during work. Wash hands thoroughly with soap and water after work, before lunch and during breaks. Wear safety goggles if there is a risk of contact with the eyes.

#### *Eye and face protection*

Wear safety goggles or a face shield (depending on the nature of the work).

#### *Skin protection*

Wear protective gloves.

#### *Respiratory protection*

If the environment is poorly ventilated, use a suitable mask with an organic vapour filter or a built-in breathing apparatus.

## *Thermal hazards*

None

### **8.2.3 Environmental exposure controls**

Avoid spillage, entry into drains, waterways.

---

## **9 SECTION. Physical and chemical properties**

### **9.1. Information on basic physical and chemical properties**

## 10.2. Chemical stability

The product is stable if stored and used as specified.

## 10.3. Possibility of hazardous reactions

No data available.

## 10.4. Conditions to avoid

Direct sunlight, heat sources, moisture, strong acids, alkalis and strong oxidants.

## 10.5. Incompatible materials

Strong acids, alkalis, strong oxidising agents.

## 10.6. Hazardous decomposition products

No data available.

---

## 11 SECTION. Toxicological information

### 11.1. Information on hazard classes as defined in Regulation (EC) No. 1272/2008

- a) **Acute toxicity:** based on available data, the product does not meet the classification criteria.
- b) **Skin corrosion and/or irritation:** Based on available data, the product does not meet the classification criteria.
- c) **Serious eye damage and/or eye irritation:** based on available data, the product does not meet the classification criteria.
- d) **Respiratory or skin sensitisation:** based on available data, the product does not meet the classification criteria.
- e) **Germ cell mutagenicity:** based on available data, the product does not meet the classification criteria.
- f) **Carcinogenicity:** based on available data, the product does not meet the classification criteria.
- g) **Reproductive toxicity:** based on available data, the product does not meet the classification criteria.
- h) **STOT – specific target organ toxicity (single exposure):** based on available data, the product is not classified as hazardous to specific organs.
- i) **STOT – specific target organ toxicity (repeated exposure):** based on available data, the product is not classified as hazardous to specific organs.
- j) **Aspiration hazard:** based on available data, the product does not meet the classification criteria.

## Information on likely routes of exposure (exposure) and symptoms related to physical, chemical and toxic properties:

**Inhalation:** no health effects are known.

**Skin contact:** no health effects known.

**Eye contact:** possible redness, stinging, tearing.

**Ingestion:** no known health effects.

## Delayed, acute and chronic effects due to short-term and long-term exposure

See sections 4.2 and 4.3.

### 11.2. Information on other hazards

**Endocrine disrupting properties:** not applicable.

**Other information:** no data available.

---

## 12 SECTION. Ecological information

### 12.1. Toxicity

The mixture is not classified as hazardous to the environment.

### 12.2. Durability and transparency

No data available.

### 12.3. Bioaccumulation potential

No data available.

### 12.4. Mobility in soil

No data available.

### 12.5. Results of PBT and vPvB assessment

PBT/vPvB assessment is not available because a chemical safety assessment is not required/has not been carried out.

### 12.6. Endocrine disrupting properties

Not applicable.

### 12.7. Other adverse effects

No data available.

## 13 SECTION. Waste treatment

### 13.1. Waste treatment methods

Follow applicable regulations for waste disposal. Unused product and contaminated packaging must be placed in labelled waste collection containers and delivered to an authorised waste disposal agent (specialised company) where such activity is permitted.

---

## 14 SECTION. Transport information

### 14.1 UN number or ID number

Not applicable.

### 14.2 UN proper shipping name

Not applicable

### 14.3 Transport hazard class(es)

Not applicable

### 14.4 Packing group

Not applicable

### 14.5 Environmental hazards

Not applicable.

### 14.6 Special precautions for users

Packages must be securely closed and stacked in such a way as to avoid the risk of mechanical damage.

### 14.7 Transport of unpackaged cargo by sea in accordance with IMO measures

Not applicable

---

## 15 SECTION. Regulatory information

### 15.1. Safety, health and environmental regulations specific to the substance or mixture

The safety data sheet complies with the requirements of:

-REGULATION (EU) 2020/878 of 18 June 2020 amending Regulation (EC) No 1907/2006 of the European Parliament and

Council Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) Annex II

# Safety data sheet

- Regulation (EC) No 1272/2008 of the European Parliament and of the Council on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006

- Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

## 15.2. Chemical safety assessment

No chemical safety assessment has been carried out for this product.

---

## 16 SECTION. Other information

The information in this safety data sheet must be made available to all persons whose work involves this mixture. The information is based on our current knowledge and is intended to describe the product in terms of occupational safety, health and environmental protection. The information in the safety data sheet will be supplemented as new data on the effects of the product on health and the environment and on preventive measures to reduce or completely avoid hazards becomes available. The information in the safety data sheet does not reveal other specific properties of the mixture.
