

## SAFETY DATA SHEET

# DONABAUER Aroma Candle Sandalwood/Sandelholz

### SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

#### 1.1. Product identifier

*Trade name:* DONABAUER Aroma Candle Sandalwood/Sandelholz

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

*Relevant identified uses of the substance or mixture:* Professional User / Private User

*EuPCS:* PC-AIR-7 / Candles - scented and unscented

*Uses advised against :* None known.

#### 1.3. Details of the supplier of the safety data sheet

*Company and address:* **Kerzenwelt Donabauer s.r.o.**  
Smrekova 3  
94701 Hurbanovo  
Slovakia  
+43 (0) 664 221 3166  
<http://trendkerzen.com>

*Contact person:* Heinz Donabauer

*E-mail:* [heinz@trendkerzen.com](mailto:heinz@trendkerzen.com)

*Revision:* 09/02/2026

*SDS Version:* 1.0

#### 1.4. Emergency telephone number

Heinz Donabauer, +43 664 221 3166  
Monday to Friday 9 a.m. to 3 p.m.

### SECTION 2: HAZARDS IDENTIFICATION

#### 2.1. Classification of the substance or mixture

Not classified according to Regulation (EC) No. 1272/2008 (CLP).

#### 2.2. Label elements

*Hazard pictogram(s):* Not applicable.

*Signal word:* Not applicable.

*Hazard statement(s):* Not applicable.

*Precautionary statement(s):*

|                              |                                                                                                                                                                                                 |
|------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>General:</i>              | Not applicable.                                                                                                                                                                                 |
| <i>Prevention:</i>           | Not applicable.                                                                                                                                                                                 |
| <i>Response:</i>             | Not applicable.                                                                                                                                                                                 |
| <i>Storage:</i>              | Not applicable.                                                                                                                                                                                 |
| <i>Disposal:</i>             | Not applicable.                                                                                                                                                                                 |
| <i>Hazardous substances:</i> | Does not contain any substances required to report                                                                                                                                              |
| <i>Additional labelling:</i> | EUH208, Contains (2E)-3-phenylprop-2-enal; cinnamaldehyde; 3-phenylprop-2-enal; cinnamic aldehyde; cinnamal;. May produce an allergic reaction. EUH210, Safety data sheet available on request. |

### 2.3. Other hazards

|                             |                                                                                                                                                                                                                                                                                                                                         |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <i>Additional warnings:</i> | This mixture/product does not contain any substances known to fulfil the criteria for PBT and vPvB classification. This product does not contain any substances considered to be endocrine disruptors in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2023/707. |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

### 3.1. Substances

Not applicable. This product is a mixture.

### 3.2. Mixtures

| Product/substance | Identifiers                                                                                       | % w/w | Classification                                | Note |
|-------------------|---------------------------------------------------------------------------------------------------|-------|-----------------------------------------------|------|
| benzyl benzoate   | CAS No.: 120-51-4<br>EC No.: 204-402-9<br>REACH: 01-2119976371-33-XXXX<br>Index No.: 607-085-00-9 | 1-3%  | Acute Tox. 4, H302<br>Aquatic Chronic 2, H411 |      |

See full text of H-phrases in section 16. Occupational exposure limits are listed in section 8, if these are available.

### Other information

-

## SECTION 4: FIRST AID MEASURES

### 4.1. Description of first aid measures

|                             |                                                                                                              |
|-----------------------------|--------------------------------------------------------------------------------------------------------------|
| <i>General information:</i> | In the case of accident: Contact a doctor or casualty department – take the label or this safety data sheet. |
|-----------------------------|--------------------------------------------------------------------------------------------------------------|

|                      |                                                                                                                                                                                                                                                  |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                      | Contact a doctor if in doubt about the injured person's condition or if the symptoms persist. Never give an unconscious person water or other drink.                                                                                             |
| <i>Inhalation:</i>   | In case of discomfort: bring the person into fresh air.                                                                                                                                                                                          |
| <i>Skin contact:</i> | IF ON SKIN: Wash with plenty of water and soap. Remove contaminated clothing and shoes. Ensure to wash exposed skin thoroughly with water and soap. DO NOT use solvents or thinners.<br>If skin irritation occurs: Get medical advice/attention. |
| <i>Eye contact:</i>  | Rinse gently with lukewarm water. Remove any contact lenses if this is easy to do. Continue rinsing. In case of persistent eye irritation or discomfort: Seek medical help.                                                                      |
| <i>Ingestion:</i>    | Rinse and flush mouth thoroughly and consume large quantities of water. In case of continued discomfort: seek medical assistance and bring this safety data sheet.                                                                               |
| <i>Burns:</i>        | Not applicable.                                                                                                                                                                                                                                  |

#### **4.2. Most important symptoms and effects, both acute and delayed**

Sensitisation: This product contains substances, which may trigger allergic reaction upon dermal contact. Manifestation of allergic reactions typically takes place within 12-72 hours after exposure.

#### **4.3. Indication of any immediate medical attention and special treatment needed**

Treat symptomatically.

#### **Information to medics**

Bring this safety data sheet or the label from this product.

### **SECTION 5: FIREFIGHTING MEASURES**

#### **5.1. Extinguishing media**

Suitable extinguishing media: Alcohol-resistant foam, carbon dioxide, powder, water mist.  
Unsuitable extinguishing media: Waterjets should not be used, since they can spread the fire.

#### **5.2. Special hazards arising from the substance or mixture**

Fire will result in dense smoke. Exposure to combustion products may harm your health. Closed containers, which are exposed to fire, should be cooled with water. Do not allow fire-extinguishing water to enter the sewage system and nearby surface waters.

If the product is exposed to high temperatures, e.g. in the event of fire, dangerous decomposition compounds are produced. These are:

Carbon oxides (CO / CO<sub>2</sub>)

#### **5.3. Advice for firefighters**

No specific requirements.

### **SECTION 6: ACCIDENTAL RELEASE MEASURES**

#### **6.1. Personal precautions, protective equipment and emergency procedures**

No specific requirements.

#### **6.2. Environmental precautions**

Avoid discharge to lakes, streams, sewers, etc.

Keep unauthorized persons away from the spill

#### **6.3. Methods and material for containment and cleaning up**

Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations.

Wherever possible cleaning should be performed with normal cleaning agents. Avoid use of solvents.

#### **6.4. Reference to other sections**

See section 13 "Disposal considerations" on handling of waste.

See section 8 "Exposure controls/personal protection" for protective measures.

### **SECTION 7: HANDLING AND STORAGE**

#### **7.1. Precautions for safe handling**

Smoking, drinking and consumption of food is not allowed in the work area.

See section 8 "Exposure controls/personal protection" for information on personal protection.

#### **7.2. Conditions for safe storage, including any incompatibilities**

No special conditions required.

*Recommended storage material:* Always store in containers of the same material as the original container.

*Storage conditions:* No specific requirements.

*Incompatible materials:* Strong acids, strong bases, strong oxidizing agents, and strong reducing agents.

#### **7.3. Specific end use(s)**

This product should only be used for applications quoted in section 1.2.

### **SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION**

#### **8.1. Control parameters**

No substances are listed in the "List of Chemical Agents and Occupational Exposure Limit Values" with an occupational exposure limit.

##### **DNEL**

No data available.

##### **PNEC**

No data available.

#### **8.2. Exposure controls**

Apply general control to prevent unnecessary exposure

|                                                  |                                                                                        |
|--------------------------------------------------|----------------------------------------------------------------------------------------|
| <i>General recommendations:</i>                  | Smoking, drinking and consumption of food is not allowed in the work area.             |
| <i>Exposure scenarios:</i>                       | There are no exposure scenarios implemented for this product.                          |
| <i>Exposure limits:</i>                          | Occupational exposure limits have not been defined for the substances in this product. |
| <i>Appropriate technical measures:</i>           | Apply standard precautions during use of the product.<br>Avoid inhalation of vapours.  |
| <i>Hygiene measures:</i>                         | Wash hands after use.                                                                  |
| <i>Measures to avoid environmental exposure:</i> | No specific requirements.                                                              |

### Individual protection measures, such as personal protective equipment

*Generally:* Use only CE marked protective equipment.

#### *Respiratory Equipment:*

| Type                              | Class | Colour | Standards |  |
|-----------------------------------|-------|--------|-----------|--|
| No special when used as intended. |       |        |           |  |

#### *Skin protection:*

| Recommended                       | Type/Category | Standards |  |
|-----------------------------------|---------------|-----------|--|
| No special when used as intended. | -             | -         |  |

#### *Hand protection:*

| Material                         | Glove thickness (mm) | Breakthrough time (min.) | Standards |  |
|----------------------------------|----------------------|--------------------------|-----------|--|
| No special when used as intended | -                    | -                        | -         |  |

#### *Eye protection:*

| Type                              | Standards |  |
|-----------------------------------|-----------|--|
| No special when used as intended. | -         |  |

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

### 9.1. Information on basic physical and chemical properties

|                                    |                                        |
|------------------------------------|----------------------------------------|
| <i>Physical state:</i>             | Wax                                    |
| <i>Colour:</i>                     | No data available.                     |
| <i>Odour / Odour threshold:</i>    | Pleasant                               |
| <i>pH:</i>                         | Not applicable - product is an article |
| <i>Density (g/cm<sup>3</sup>):</i> | 0,84-0,9                               |

|                                  |                    |
|----------------------------------|--------------------|
| <i>Kinematic viscosity:</i>      | 12 (70 °C)         |
| <i>Particle characteristics:</i> | No data available. |

## Phase changes

|                                           |                    |
|-------------------------------------------|--------------------|
| <i>Melting point/Freezing point (°C):</i> | 56                 |
| <i>Softening point/range (°C):</i>        | No data available. |
| <i>Boiling point (°C):</i>                | 212                |
| <i>Vapour pressure:</i>                   | 1 millibar         |
| <i>Relative vapour density:</i>           | No data available. |
| <i>Decomposition temperature (°C):</i>    | No data available. |

## Data on fire and explosion hazards

|                                                 |                    |
|-------------------------------------------------|--------------------|
| <i>Flash point (°C):</i>                        | 180                |
| <i>Flammability (°C):</i>                       | No data available. |
| <i>Auto-ignition temperature (°C):</i>          | 350                |
| <i>Lower and upper explosion limit (% v/v):</i> | Not applicable     |

## Solubility

|                                              |                    |
|----------------------------------------------|--------------------|
| <i>Solubility in water:</i>                  | <0,05 mg/L         |
| <i>n-octanol/water coefficient (LogKow):</i> | No data available. |
| <i>Solubility in fat (g/L):</i>              | No data available  |

## 9.2. Other information

|                                                |                    |
|------------------------------------------------|--------------------|
| <i>Other physical and chemical parameters:</i> | No data available. |
| <i>Oxidizing properties:</i>                   | Not applicable     |

## SECTION 10: STABILITY AND REACTIVITY

### 10.1. Reactivity

No data available.

### 10.2. Chemical stability

The product is stable under the conditions, noted in section 7 "Handling and storage".

### 10.3. Possibility of hazardous reactions

None known.

### 10.4. Conditions to avoid

None known.

### 10.5. Incompatible materials

Strong acids, strong bases, strong oxidizing agents, and strong reducing agents.

### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

---

## SECTION 11: TOXICOLOGICAL INFORMATION

---

### 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

#### Acute toxicity

Based on available data, the classification criteria are not met.

#### Skin corrosion/irritation

Based on available data, the classification criteria are not met.

#### Serious eye damage/irritation

Based on available data, the classification criteria are not met.

#### Respiratory sensitisation

Based on available data, the classification criteria are not met.

#### Skin sensitisation

Based on available data, the classification criteria are not met.

#### Germ cell mutagenicity

Based on available data, the classification criteria are not met.

#### Carcinogenicity

Based on available data, the classification criteria are not met.

#### Reproductive toxicity

Based on available data, the classification criteria are not met.

#### STOT-single exposure

Based on available data, the classification criteria are not met.

#### STOT-repeated exposure

Based on available data, the classification criteria are not met.

#### Aspiration hazard

Based on available data, the classification criteria are not met.

#### Symptoms related to the physical, chemical and toxicological characteristics

None known.

### 11.2. Information on other hazards

#### Endocrine disrupting properties

This mixture/product does not contain any substances known to have hormone-disrupting properties in relation to health.

#### Other information

None known.

---

## SECTION 12: ECOLOGICAL INFORMATION

---

### 12.1. Toxicity

Based on available data, the classification criteria are not met.

#### 12.2. Persistence and degradability

Based on available data, the classification criteria are not met.

#### 12.3. Bioaccumulative potential

Based on available data, the classification criteria are not met.

#### 12.4. Mobility in soil

No data available.

#### 12.5. Results of PBT and vPvB assessment

This mixture/product does not contain any substances known to fulfil the criteria for PBT and vPvB classification.

#### 12.6. Endocrine disrupting properties

This mixture/product does not contain any substances considered to have endocrine-disrupting properties in relation to the environment.

#### 12.7. Other adverse effects

This product contains substances that are toxic to the environment. May result in adverse effects to aquatic organisms.

This product contains substances, which may cause adverse long-term effects to the aquatic environment.

### SECTION 13: DISPOSAL CONSIDERATIONS

#### 13.1. Waste treatment methods

Product is not covered by regulations on dangerous waste.

Commission Regulation (EU) No 1357/2014 of 18 December 2014 on waste.

*EWG code:* Not applicable.

#### Contaminated packing

Packaging containing residues of the product must be disposed of similarly to the product.

### SECTION 14: TRANSPORT INFORMATION

|                 | 14.1<br>UN / ID | 14.2<br>UN proper shipping name | 14.3<br>Hazard class(es) | 14.4<br>PG* | 14.5<br>Env** | Other<br>informat<br>ion: |
|-----------------|-----------------|---------------------------------|--------------------------|-------------|---------------|---------------------------|
| ADR/ADN/<br>RID | -               | -                               | -                        | -           | -             | -                         |
| IMDG            | -               | -                               | -                        | -           | -             | -                         |
| IATA            | -               | -                               | -                        | -           | -             | -                         |

\* Packing group

\*\* Environmental hazards

#### Additional information

Not dangerous goods according to ADR/ADN/RID, IATA and IMDG.

#### 14.6. Special precautions for user

Not applicable.

#### 14.7. Maritime transport in bulk according to IMO instruments

No data available.

### SECTION 15: REGULATORY INFORMATION

#### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

*Restrictions for application:* No special.

*Demands for specific education:* No specific requirements.

*SEVESO - Categories / dangerous substances:* Not applicable.

*Additional information:* Not applicable.

*Sources:* Commission Regulation (EU) No 1357/2014 of 18 December 2014 on waste.  
Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (CLP).  
Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).

#### 15.2. Chemical safety assessment

No

*National inventories:*

*Australia (AICS):* None of the components are listed

*Canada (DSL / NDSL):* None of the components are listed

*China (IECSC):* None of the components are listed

*EU (EINECS/ELINCS):* benzyl benzoate is listed

*Japan (ENCS):* None of the components are listed

*Korea (KECI):* None of the components are listed

*Mexico (INSQ):* None of the components are listed

*New Zealand (NZIoC):* None of the components are listed

*Philippines (PICCS):* None of the components are listed

*USA (TSCA):* None of the components are listed

*Inventory abbreviations:*

AICS = Australian Inventory of Chemical Substances /  
CIMS = Chemical Information Management System / DSL  
= Domestic Substances List / IECSC = Inventory of Existing  
Chemical Substances in China / EINECS = European

Inventory of Existing Commercial Chemical Substances /  
ELINCS = European List of Notified Chemical Substances /  
ENCS = Inventory of Existing and New Chemical  
Substances / INSQ = National Inventory of Chemical  
Substances / KECI = The Korea Existing Chemicals List /  
NDSL = The Non-domestic Substances List / NZIoC = New  
Zealand Inventory of Chemicals / PICCS = Philippine  
Inventory of Chemicals and Chemical Substances / TSCA  
= Toxic Substances Control Act

---

## SECTION 16: OTHER INFORMATION

---

### Full text of H-phrases as mentioned in section 3

H302, Harmful if swallowed.

H411, Toxic to aquatic life with long lasting effects.

### Abbreviations and acronyms

ADN = European Provisions concerning the International Carriage of Dangerous Goods by Inland Waterway  
ADR = The European Agreement concerning the International Carriage of Dangerous Goods by Road  
ATE = Acute Toxicity Estimate  
BCF = Bioconcentration Factor  
CAS = Chemical Abstracts Service  
CE = Conformité Européenne (European conformity)  
CLP = Classification, Labelling and Packaging Regulation [Regulation (EC) No. 1272/2008]  
CSA = Chemical Safety Assessment  
CSR = Chemical Safety Report  
DMEL = Derived Minimal Effect Level  
DNEL = Derived No Effect Level  
EINECS = European Inventory of Existing Commercial chemical Substances  
ES = Exposure Scenario  
EUH statement = CLP-specific Hazard statement  
EuPCS = European Product Categorisation System  
EWC = European Waste Catalogue  
GHS = Globally Harmonized System of Classification and Labelling of Chemicals  
GWP = Global warming potential  
IARC = International Agency for Research on Cancer (IARC)  
IATA = International Air Transport Association  
IBC = Intermediate Bulk Container  
IMDG = International Maritime Dangerous Goods  
LogPow = logarithm of the octanol/water partition coefficient  
MARPOL = International Convention for the Prevention of Pollution From Ships, 1973 as modified by the Protocol of 1978. ("Marpol" = marine pollution)  
OECD = Organisation for Economic Co-operation and Development  
PBT = Persistent, Bioaccumulative and Toxic  
PNEC = Predicted No Effect Concentration  
RID = The Regulations concerning the International Carriage of Dangerous Goods by Rail

RRN = REACH Registration Number

SCL = A specific concentration limit

SVHC = Substances of Very High Concern

STOT-RE = Specific Target Organ Toxicity - Repeated Exposure

STOT-SE = Specific Target Organ Toxicity - Single Exposure

TWA = Time weighted average

UN = United Nations

UVBC = Unknown or variable composition, complex reaction products or of biological materials

VOC = Volatile Organic Compound

vPvB = Very Persistent and Very Bioaccumulative

### **Additional information**

In accordance with Article 31 of REACH, a safety data sheet is not required for this product. This safety data sheet has been created on a voluntary basis to distribute relevant information as required under Article 32 of REACH.

### **The safety data sheet is validated by**

Dr. Wolfgang Pahlmann, Likedeelers GmbH

### **Other**

A change (in proportion to the last essential change (first cipher in SDS version, see section 1)) is marked with a triangle.

The information in this safety data sheet applies only to this specific product (mentioned in section 1) and is not necessarily correct for use with other chemicals/products.

It is recommended to hand over this safety data sheet to the actual user of the product.

Information in this safety data sheet cannot be used as a product specification.

Country-language: IE-en
